

KEY TO ASSET SYMBOLS	
	AED
	Blue Light - Lockdown
	Card Reader
	Electric Disconnect
	Entrance Door
	Eye Wash Station
	Fire Alarm Control Panel
	Fire Alarm Device
	Fire Dept. Connection
	Gas Valve - Main
	Lockdown Button
	Knox Box
	Security Video Camera
	Sprinkler System
	Water Valve

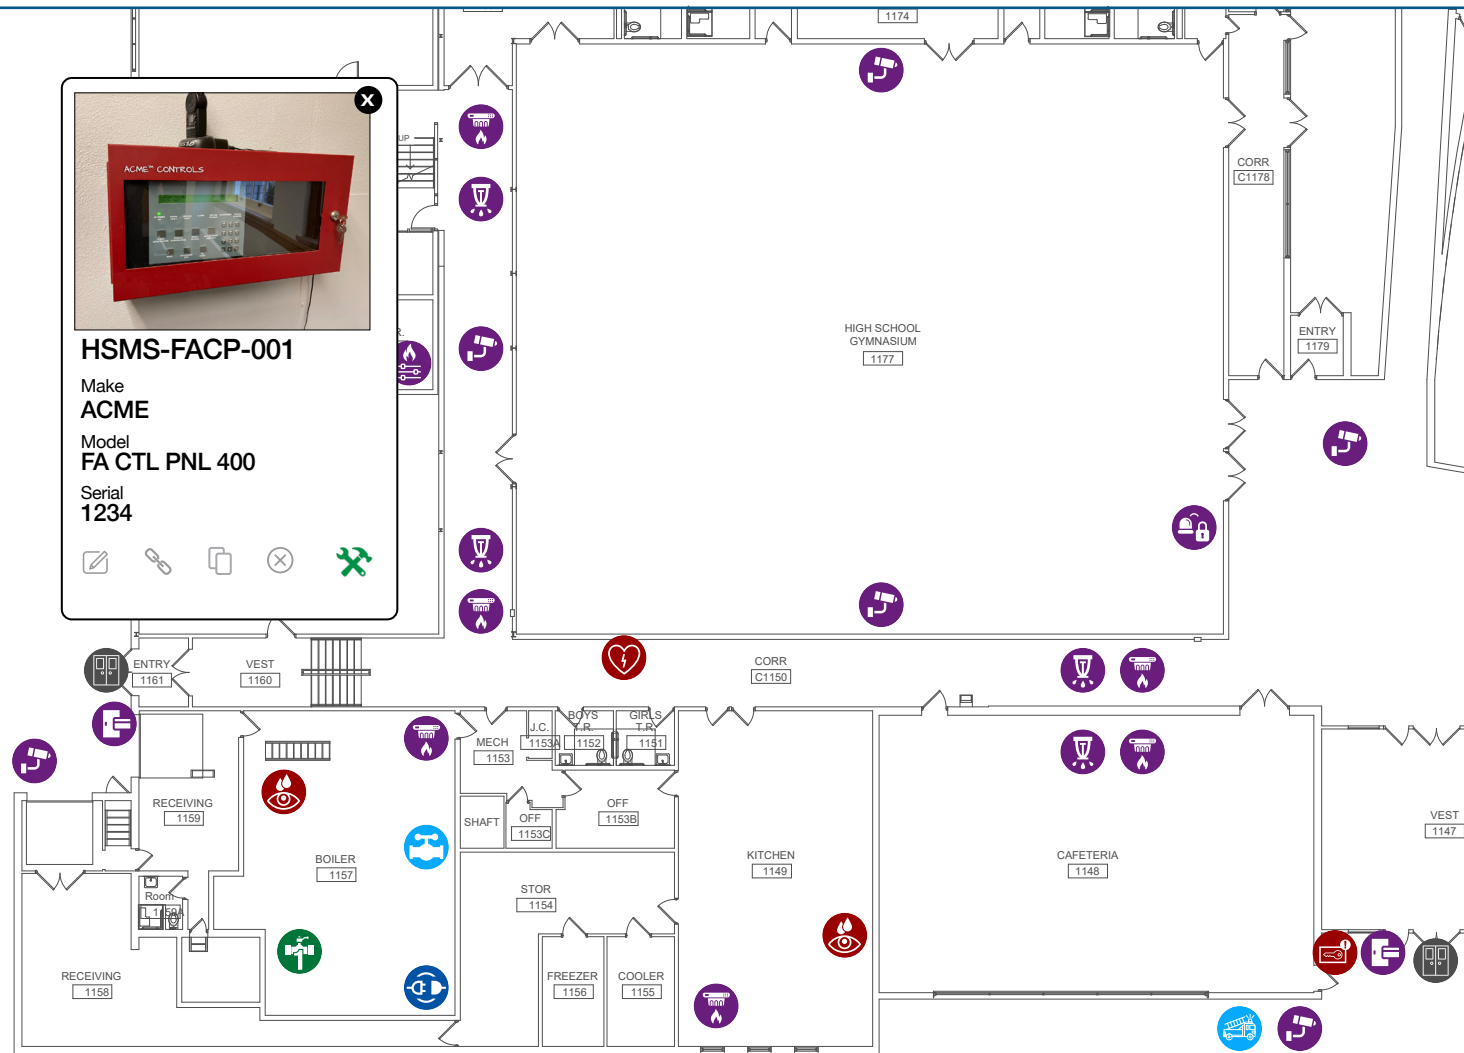

The asset location stamps on the floor plan above can be made visible in ML Drawings® using customizable filters. These custom views can then be output and distributed as PDF documents.

For the purposes of this sample, only a small portion of a floor plan and selected assets are shown. 200+ other asset types are also available. The Symbol Key at left is pasted into the PDF using turnkey graphics provided by ML Professional Services.

With ML Drawings®, you can easily create safety plan drawings that both improve district emergency planning, and satisfy state and/or local documentation requirements

Learn more about [ML Drawings](#) on our website; then [schedule a demo](#) to see lots more ways that interactive floor plans can help solve some of your most challenging K12 facility management issues.
